

WaWyle Farm

Polled Shorthorn Production Sale

MILLINGTON, TENNESSEE

WEDNESDAY, APRIL 2, 1958

We always feel honored when friends of Shorthorns visit WaWylo. You are always most welcome. Our second Polled Shorthorn production sale gives you a further incentive to visit us. We are extremely proud of the cattle we are offering. They are by far the best we have produced in our thirteen years of breeding Polled Shorthorns.

It is a pleasure to have included in this offering six outstanding and wonderfully bred Shorthorn heifers from Dad Potts (T. C. Potts, Crenshaw, Mississippi). This uniformly bred group, all but one by Leveldale Baronet, are rich in imported blood and are bred to our 100 per cent dehorner, Juggler's Type x. The Polled calves from these heifers should be the strongest kind of foundation material.

We are most appreciative of the excellent patronage we have enjoyed through the years at private treaty and in previous sales. We are interested in our customers and watch with enthusiasm the performance of our cattle in their hands.

If possible, try to arrive a day early to allow yourself time to study the offering and visit with us. We look forward to seeing you and your family here at WaWylo.

W. H. and WALTER DILATUSH.

Ross Evins, Herdsman.

On the cover . . . Henry Coleman Dilatush proudly displays WaWylo T Bride and WaWylo Max Gloster, heifers in this sale. The pretty girl is Lois Evins, 1957 National Shorthorn Lassie Queen, and daughter of Mr. and Mrs. Ross Evins of WaWylo Farm.

These "Performance Tested" Sons of

**Along with eight other sons of Juggler's Type x
of the same uniform quality, and four other top**

Juggler's Type x All Sell

bulls. Record of gain by each will be announced at the sale.

Surrounded by an admiring family, Henry Coleman Dilatush, the third generation, ponders a grooming problem. Left to right, Walter Dilatush, Henry Coleman, Mr. and Mrs. W. H. Dilatush, Mrs. Walter Dilatush.

The most satisfying part of my job are the fine people I meet at every Shorthorn and Polled Shorthorn event.

Long ago I came to the conclusion that the people behind a herd ultimately are the determining factor as to whether it moves to the top or slips into mediocrity. I know of no finer example of a family unit and farm organization working in complete harmony. Every member of the Dilatush family takes an active interest in the herd . . . every member unselfishly devotes much time and effort to breed promotional work. W. H. Dilatush, a member of the Board of Directors of the American Shorthorn Breeders' Association, is the immediate Past President of the American Shorthorn Breeders' Association. Walter Dilatush is a Past President and a Director of the American Polled Shorthorn Society. Mrs. Walter Dilatush was the Treasurer of the National Shorthorn Lassies and is a Director. Lois Evins was the 1957 National Shorthorn Lassie Queen.

Discussion of the cattle is well covered elsewhere. I have said many times that Juggler's Type x is one of the greatest of individuals and sires, horned or polled, I have ever seen. The three younger sires are worthy successors. I admire the owners for their determination to hold all the bulls for this sale. During the past year many could have been sold privately . . . possibly at more money than they will bring by auction. As in all other matters, however, WaWylo takes the long range view and feels that by offering them all they have a better chance of bringing you to the farm. The females are the kind upon which leading herds can be founded and strengthened.

Don Longley,

The Shorthorn World,

Sale Manager.

T. Coleman Potts, at right, one of the pioneers of the Shorthand breed in the south. In 1956 he re-established his herd. Five of the heifers in this sale came from his herd. He is the father of Mrs. Walter Dilatush. Shown also, are Thorp Metz, Williamsville, Ill., and John Blume, Marellbar Farms, Libertyville, Ill.

Photo taken at the 1956 Dilatush-Poston sale.

It makes a difference from whom you buy. It is the policy of WaWylo not only to produce top cattle endowed with the basic fundamentals for profit for those who buy them . . . but to develop an ever widening circle of satisfied customers each year.

Mr. and Mrs. W. H. Dilatush shown leaving on a trip to Europe which included a tour of the principal herds in Scotland.

Ross Evins, WaWylo herdsman, with a long experience in handling top Polled Shorthorns. He is the father of Lois Evins, shown on the cover, 1957 National Shorthorn Lassie Queen.

JUGGLER'S TYPE (unretouched amateur snapshot)

JUGGLER'S TYPE

My far the greatest sire that it's been our privilege to own. We rate him great not because he has sired a number of champions, but because all of his calves are uniformly good headed, good bodied, good doing cattle. His calves scattered throughout the Southeast and Southwest are proving him to be a greater sire today than he was two years ago when we first offered his calves.

In our recently instituted performance testing, one group of 5 of his bull calves that sell showed an average daily gain of 2.29 pounds from birth to 416 days of age with only their mother's milk, grain and grass. Another group of 5 of his younger bull calves that sell showed an average daily gain of 2.28 pounds from birth to 296 days of age with only mother's milk, grain and grass. (Gain computed after deducting 60 pound birth weight of calf).

Very important is that he is a 100 per cent dehorner. This is enabling us to use a lot of good horned breeding to improve our polled cattle.

Breeders of other breeds as well as many of our own breeders have stated that he is certainly a close approach to the model all purebred breeders are striving for. Fourteen of his sons, six of his daughters, and seven females bred to him sell.

Juggler's Type and a few of his calves.

WaWylo Collynie 3d x

All our pictures are unretouched amateur photographs.

Ashbourne Rosewood 6th. Purchased by W. H. and Walter F. Dilatush in the Browns of Kentucky sale. She was a first prize winner at many shows. She has produced outstanding calves by three different bulls. She is the dam of the WaWylo junior herd sire, WaWylo Collynie 3d x. She is the granddam of the top selling bull in the 1956 sale.

WaWylo Collynie 3d—A bull that we have had confidence in from calfhood. He has always been a very rugged, burly individual with lots of scale. He is out of one of the greatest cows that we have owned. Ashbourn Rosewood 6th has produced more outstanding calves by three different bulls than any cow in our herd. His calves are proving him to be a great breeding bull. Two of his sons, three of his daughters and three females bred to him sell. His only bull calf that is old enough to weigh is the one that sells, WaWylo Collynie 8th. This calf had an average daily gain of 2.12 pounds from birth to 220 days of age, was a heifer's first calf, and had no additional milk.

Juggler's Type x, left, and Juggler's Seal x, right. They are half brothers. With four top bulls in service, we are able to introduce selective matings for greatest progress and prepotence.

Juggler's Seal—Grand Champion and top selling animal of the 42d Annual Omaha Polled Shorthorn Show and Sale last year. A half brother to Juggler's Type. A massive, dark red, deep, thick bull showing lots of quality. You'll like him as well as his calves which are just arriving. Two sons and one daughter sell at foot, and three females sell carrying his service.

Left to right, WaWylo Juggler's Type 25th x, selling, WaWylo Juggler's Type 24th x, selling, and WaWylo Juggler's Type 23rd x, the son of Juggler's Type x we are retaining for herd duty.

WaWylo Juggler's Type 23d—A most promising, dark red son of Juggler's Type out of one of our very top producing cows. One well known cattle judge, when he saw this calf some 2 months ago, stated that he felt that this calf could well develop into a better bull than the old bull himself. One daughter of Juggler's Type sells carrying the service of this young bull.

Red, Bert A. Hanson

WaWylo Juggler's Type 19th x—A well bred son of Juggler's Type, double bred to the International grand champion Killearn Max Juggler . . . The only horned animal appearing on his pedigree. He's ready for heavy service and is out of a good producing, heavy milking cow.

This son and daughter of Juggler's Type x sold in our first production sale in 1956. Left, WaWylo Juggler's Type 2nd x, purchased for \$1,650 by V. T. Stone, New Market, Alabama. Right, WaWylo Type Jealousy x, purchased for \$2,000 by Lynnwood Farms, Carmel, Ind. The first six calves by Juggler's Type x averaged \$918.

WaWylo Juggler's Type 26th x—Another smooth, good headed son of Juggler's Type, double bred to Killearn Max Juggler, the great show and breeding bull. **This calf weighed 754 pounds when weaned at 306 days of age.** (Milk only from his mother).

Eighteen

"Performance Tested" Bulls

Most of them ready for immediate service. Fourteen are sons of Juggler's Type x. They will make one of the most powerful groups of bulls by one Polled Shorthorn sire ever exposed for auction at one time.

We have had a number of opportunities to sell bulls from this group. Steadfastly, we have maintained that we should not sell any . . . but leave them all in fairness to those who will come to our sale seeking a bull.

All these bulls have been tested for rate of gain. Some of the figures were available at the time the catalog went to press and we have herewith printed them. All final results will be announced sale day.

It has been proved that "rate of gain" is one of the most highly heritable characteristics. You cannot afford to use a bull whose calves will not be rapid gainers.

WaWylo Ransom x—A smooth headed, red son of Ranewood Ransom x the good breeding bull we sold in our last sale to J. H. Johnston, Wynne, Arkansas. This calf weighed 638 pounds when weaned at 251 days of age.

A black and white photograph showing four large, muscular bulls standing in a field. The bulls are arranged in a line, facing right. They have dark bodies with prominent white markings on their faces and chests. In the background, there is a wooden fence and a line of trees under a bright sky.

A breed is built on bulls . . . and making good bulls available. Many bulls will sire an occasional good one . . . or good heifers. The fourteen sons of JUGGLERS TYPE x selling in this sale prove his ability. Six of those selling are pictured here.

Achtoi's Empress x—A deep bodied, good boned, heavy milking **heifer with her first calf at side** by a son of the imported Powgavie Flying Fortress. Remated December 22d to Juggler's Seal x. The calf, Maroon F Empress, will be weaning age at sale time and is an outstanding polled roan heifer that you'll like very much. Her sire is Maroon Fortress 2d, bred by Metz Bros.

THE T. C. POTTS CONSIGNMENT

The next six females in this catalog are being sold by T. Coleman Potts, Crenshaw, Mississippi, whom we are proud to have as a member of the WaWylo family. He was one of the breed pioneers in the South, and even after the sale of his well known Burnton herd to Fred Taylor, Como, Mississippi, maintained a vigorous interest in the breed. We were, of course, tremendously pleased to see him return to the ranks of Shorthorn breeders when in 1956 he purchased the entire herd of the late George Onken, Gibson City, Illinois.

The Onken herd was always highly respected and known for its beefiness . . . size, substance, strong bloodlines. The pictures shown on pages 43 and 44 are of some of the heifers being sold from this herd by T. C. Potts. All but one are by Leveldale Baronet, bred by L. E. Mathers, sired by Phopachy Huntsman by Kirkton Baronet, and out of imported Morphie Charity. Some of these are out of dams by the excellent imported sire, Kair Beau by Beaufort Bolido, and they trace to Leveldale bulls used in the Onken herd.

All these Shorthorn heifers are bred to our 100 per cent dehorner Juggler's Type x. What great investments they will make for the man who wants calves sired by one of the greatest Polled bulls of the day . . . and out of females with rich imported background.

Four of the heifers being sold by T. C. Potts. Lots 39-44. They are not in high flesh, but note their natural thickness and depth. They respond beautifully to feed.

Flora 117th—A good headed, deep, thick, typy heifer with a lot of substance. Line bred to Kair Beau, a great breeding son of Beaufort Bolido. Mated December 26, 1957 to Juggler's Type, a 100 per cent dehorner.

Morphie Leveldale. Sold in the Mathers sale for \$3,600 to the Browns of Kentucky, where he is making a splendid breeding record. His dam, Morphie Charity, is one of the imported cows Coleman Potts obtained when he purchased the entire George Onken herd in Illinois. She is also the dam of Leveldale Baronet, the sire of five of the six heifers he is selling.

Brown Loam Columbia 53d—Another thick, smooth daughter of Leveldale Baronet with a lot of substance and a good pedigree. Mated January 31st to Juggler's Type, a 100 per cent dehorner.

37 FEMALE LOTS

Every one an opportunity to add a female of top calibre to your herd . . . nearly every one tied to the blood of the great sire, Juggler's Type x . . . either sired by him, bred to him or with a calf at foot by him.

Seven cows have calves at foot . . . many of the other cows and bred heifers are right up to calving. This means quick returns for you, leaving you with a foundation female with very little invested.

In our last sale, we were very proud of the number of boys and girls who purchased females as the start of Polled Shorthorn herds.

Juggler's Type x is destined to go down as one of the greatest Polled Shorthorn sires of all times. Add his blood to your herd. It will always command respect in a pedigree.

GENERAL INFORMATION

TIME: Sale at 12:30 p.m., Wednesday, April 2, 1958. Plan to arrive early, the day before, if possible. The cattle will be outside where you can see them leisurely.

LUNCH: Lunch will be available at the farm.

LOCATION: WaWylo Farm is located 14 miles north of Memphis, Tenn. or 3 miles northwest of Millington, Tenn. To reach the farm from Memphis, take U.S. 51 north, see farm sign on U.S. 51, ½ mile north of Millington, Tenn. and this sign will direct you to the farm. We ask all who travel by train or plane to advise us in advance so that we can meet them in Memphis.

HEADQUARTERS: Rip Van Winkle Motel just three miles from WaWylo Farm on U.S. 51 in Millington, Tenn. A modern, comfortable Motel with sound proof rooms, room phones, swimming pool and 24-hour restaurant.

FARM PHONE: Millington, Tenn. CA 3-3143.

TRANSPORTATION: Transportation will be provided to and from Memphis Airport and Railroad Station. Please notify us of your plans.

FLYING FARMERS: There is a 1,600 ft. paved landing strip just 8 miles from the farm. It is Navy Auxiliary Field 21 which is operated as a private field. It is located approximately 5 miles south of Millington, ½ mile north of the Loosa-hatchie River, ½ mile east of I C Railroad and Montana Ferrous Alloy Plant and is just west of the Raleigh-Millington Road. There are no telephones at this field so please notify us in advance of your plans so that we can meet you.

GUARANTEE: All cattle will be sold under the Standard Guarantee of the American Shorthorn Breeders Association.

HEALTH: The cattle will be tested for T. B. and Bangs within 30 days of the sale, with the exception of under aged vaccinated heifers in which case vaccination and certificates will be provided. All animals will be vaccinated for blackleg, malignant edema, and shipping fever. Calthood vaccination for Bangs has been practiced at WaWylo Farm since 1948. Interstate health charts will be provided out-of-state buyers. Since regulations differ all buyers must be aware of the regulations of their own state.

SALE MANAGER: Don Longley, The Shorthorn World, 16 So. Locust St., Aurora, Ill.

AUCTIONEER: C. D. Swaffar, Tulsa, Okla.

MAIL BIDS: Those wishing to buy who cannot be present may send their bids to the following representatives:

Kenneth Fulk, Executive-Secretary, American Shorthorn Breeders' Association, 7 Dexter Park Ave., Chicago 9, Ill.

Don Longley, The Shorthorn World, 16 So. Locust St., Aurora, Ill.

R. G. Heine, Southeastern Representative, American Shorthorn Breeders' Association, 1730 Sharon Road, Tallahassee, Fla.

Bill Bettersworth, The Livestock Magazine, Box 4245, Memphis 1, Tenn.

C. D. Swaffar, Auctioneer, 1111 So. Pittsburgh, Tulsa, Okla.

REGISTRY: A certificate of registry will be provided for each animal sold properly transferred to the new owner. Applications for registry will be provided for each calf sold in dam.

Where footnotes appear in this catalog they were written from information supplied by the owners.

We shall not be liable for any accidents that may occur, but will make every effort to provide for the safety and comfort of those attending. Accidents at cattle sales are rare, but all attending must do so at their own risk. The guarantee and terms shall constitute a contract between the buyer and seller of each lot. The sale manager was retained for specific tasks promotional and clerical and has nothing to do with the handling of the cattle or the condition of the premises. Neither the sale manager, clerk, or auctioneers can assume any liability.
